## Naif Ikkeri

UI/UX Designer  
Brand Strategist

Apik Creations, located in Bangalore, India, welcomes the opportunity to collaborate on Corporate identity, Brand strategy or other design projects.

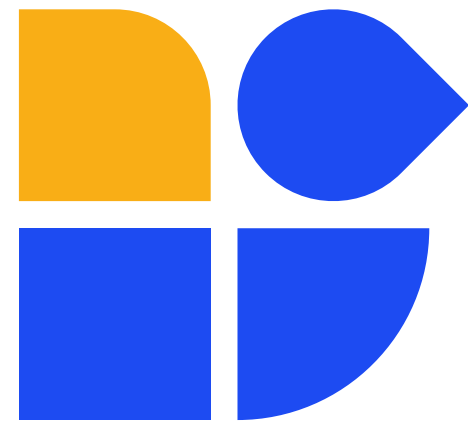

Naif began his career at Oro Media Labs, pvt ltd. as the In-house graphics & UI designer. His studio's work continues to optimize for clarity and simplicity-whether for brand identities, web design, Animation or Films -and to present concepts in clear, concise, & memorable ways.

Naif believes that good Logos should be simple yet Intricate & concisely designed; easily comprehensible and not laden with extraneous detail. He has observed that just because millions of colors are available, maximizing their use in an icon does not necessarily improve it. When logos are meaningful and well-crafted, they need not be frequently redesigned.

Naif recieved his Bsc Degree in Animation & Multimedia from Vogue Institute, Bangalore. though he considers himself a self taught designer.

Please contact Apik Creations ( [apikdesigns@gmail.com](mailto:apikdesigns@gmail.com) ) with any design project or mural inquiries.
